

Pieter Fourie named an FE Fundinfo Alpha Manager again

Head of global equities, **Pieter Fourie**, has retained his FE Fundinfo Alpha Manager rating in 2024, being awarded this accolade five times over the past six years.

The Alpha Manager Rating is a quantitative rating that distinguishes the top UK fund managers based on alpha generation and outperformance across their career history, allowing investors to instantly identify those managers who have consistently outperformed their peer group over time.

Only the top 10% of UK retail-facing managers receive this accolade, representing those managers who are the very best of the best in the industry.

Pieter manages the **Sanlam Global-High Quality Fund**, launched in 2014.
