

Commercial property Enquiry form

The information you supply will enable us to provide you with a Financial Feasibility Report. This free service should assist you in making an informed decision as to the financial feasibility of your proposed commercial property investment and enable us to assess whether the proposed property is a suitable asset to be held via our OneSIPP or Transfer Pension Portfolio (Section 32).

Note: You may already have received one or more Financial Feasibility Reports with varying amounts of detail.

Please refer to the Guide to Commercial Property for further information. If you need help completing this form please contact our Property Services Team on 03330 155 600.

Please complete this form in BLOCK CAPITALS.

Section 8. Notes

1. In order for us to consider purchasing a commercial property, we will require a formal valuation which must be carried out by a member of the Royal Institution of Chartered Surveyors (RICS). This should be addressed to Sanlam Life & Pensions UK Limited and include:
 - a description of the property
 - comment on its condition
 - whether any environmental contamination is likely
 - whether there are any deleterious materials (eg. asbestos) present
 - comment on its marketability
 - open-market sale valuation, subject to any existing tenancies
 - open-market rental valuation, assuming whole of property let on a 'fully repairing and insuring' (FRI) lease
 - insurance valuation

If a loan is required the lender will arrange the valuation. If no borrowing is required, please contact us for assistance in instructing a valuer. We reserve the right to ask for a full survey and other reports, as necessary.

2. Only commercial property is usually acceptable. If there is a residential element, we will need to consider whether it meets HM Revenue & Customs (HMRC) requirements for it to be classified as a tax-exempt investment.
3. Expenses are to cover legal and valuation fees, stamp duty land tax etc. We will provide a feasibility report, detailing the estimated costs for the property purchase, based on the information given. The actual expenses incurred will depend on each property.
4. The maximum amount of authorised borrowing permitted under HMRC rules is 50% of the net fund value immediately before the borrowing takes place.
5. We require the lender to confirm that its recourse will be limited to the property and ultimately the fund/s in which the property is held. Our charges are increased if a preferred lender is not used.
6. The property should normally be leased to a tenant concurrently with our acquisition of the property, unless otherwise agreed prior to purchase. The lease must be on a 'fully repairing and insuring' (FRI) basis and at a commercial rent. Please note that, for those properties for which an asbestos report is required to comply with the legislation, we will require an asbestos report to be conducted by a suitably qualified surveyor, on completion of the purchase, at the tenant's cost, if such a report has not already been completed.
7. If the primary or main use of the property is storage, the rent will be subject to VAT.
8. The rent must be sufficient to service the loan, with an allowance for interest rate rises of 2%; the term of the loan may not be longer than the outstanding term of the lease.
9. Normal account/policy charges and conditions also apply.
10. In submitting this Commercial Property Enquiry Form, neither the applicant nor Sanlam is committing to enter into a contract to purchase a commercial property, nor is Sanlam providing any endorsement of the viability of the selected property as an asset of a pension fund or otherwise.
11. Relevant UK earnings includes:
 - employment income,
 - self-employed income,
 - income from patent rights,
 - earnings from overseas crown employment.

This means that salary counts as relevant UK earnings but investment income and dividends do not.

12. The property must meet our criteria as set out in the Commercial Property Application Form.
