

SVS Sanlam Fixed Interest Fund

April 2022 | Factsheet

Overview

The Fund seeks to generate a high level of income through investing primarily in bonds. The Manager may invest in transferable securities, including warrants, in UK and other exchanges as well as collective investment schemes, money market instruments, deposits and cash and near cash. The Manager's policy in order to achieve the Fund's objective will be to invest primarily in corporate bonds, other fixed interest securities (including gilts and permanent interest-bearing securities without geographic restriction and preference shares in UK and European Community companies. The Manager may also apply for new issues.

Performance – past performance is not a guide to future performance

Data Sources: StatPro, Morningstar

The Fund invests in bonds. Investment in bonds and other debt instruments is subject to interest rate risk and credit ratings. The government or company issuer of a bond might not be able to repay either the interest or the original loan amount and therefore default on the debt. This would affect the credit rating of the bond and, in turn, the value of the Fund. If long-term interest rates rise, the value of your shares is likely to fall. Exchange rate changes may cause the value of investments to go down as well as up. The value of this portfolio is subject to fluctuation and past performance is not necessarily a guide to future performance. The performance is calculated for the portfolio and the actual individual investor performance will differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. All terms exclude costs. Fluctuations or movements in exchange rates may cause the value of underlying investments to go up or down. Do remember that the value of participatory interests or the investment and the income generated from them may go down as well as up and is not guaranteed, therefore, you may not get back the amount originally invested and potentially risk total loss of capital. Therefore, the Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The Manager has the right to close any Portfolios to new investors to manage them more efficiently in accordance with their mandates. Collective Investment Schemes are traded at ruling prices and can engage in borrowing and scrip lending. Collective Investment Schemes (CIS) are generally medium to long term investments. A schedule of fees and charges and maximum commissions is available on request free of charge from the Authorised Corporate Director, the investment Manager or at www.sanlam.co.uk. This document is marketing material and is not intended as a recommendation to invest in any particular asset class, security or strategy.

This document is provided to give an indication of the investment and does not constitute an offer/invitation to sell or buy any securities in any fund managed by us nor a solicitation to purchase securities in any company or investment product. It does not form part of any contract for the sale or purchase of any investment. The information contained in this document is for guidance only and does not constitute financial advice. The fund price is calculated on a net asset value basis, which is the total value of all assets in the portfolio including any income and expense accruals. Trail commission and incentives may be paid and are for the account of the manager. Performance figures quoted are from Sanlam Investments and are shown net of fees. Performance figures for periods longer than 12 months are annualized. NAV to NAV figures are used. Calculations are based on a lump sum investment. Please note that all Sanlam Funds carry some degree of risks which may have an adverse effect on the future value of your investment. Any offering is made only pursuant to the relevant offering document, together with the current financial statements of the relevant fund, and the relevant subscription/application forms, all of which must be read in their entirety together with the Funds prospectus, the Fund supplement and the KIID. All these documents explain different types of specific risks associated with the investment portfolio of each of our products and are available free of charge from sanlam.co.uk. No offer to purchase securities will be made or accepted prior to receipt by the offeree of these documents, and the completion of all appropriate documentation. Use or rely on this information at your own risk. Independent professional financial advice should always be sought before making an investment decision as not all investments are suitable for all investors.

Effective from 30 January 2021, the Investment Manager for this fund changed from Smith & Williamson Investment Management LLP to Sanlam Investments UK Limited.
