Where processing is carried out on behalf of the Company, the Company shall engage a data processor, within the meaning of Data Protection Legislation, which implements appropriate technical and organisational security measures in a manner that such processing meets the requirements of Data Protection Legislation, and ensures the protection of the rights of investors. The Company will enter into a written contract with the data processor which will set out the data processor's specific mandatory obligations laid down in Data Protection Legislation, including to process Personal Data only in accordance with the documented instructions from the Company.

As part of the Company's business and ongoing monitoring, the Company may from time to time carry out automated decision-making in relation to investors, including, for example, profiling of investors in the context of anti-money laundering reviews, and this may result in an investor being identified to the revenue authorities, law enforcement authorities and to other entities where required by law, and the Company terminating its relationship with the investor.

Investors are required to provide their Personal Data for statutory and contractual purposes. Failure to provide the required Personal Data will result in the Company being unable to permit, process, or release the investor's investment in the Funds and this may result in the Company terminating its relationship with the investor. Investors have a right to lodge a complaint with the Data Protection Authority if they are unhappy with how the Company is handling their Personal Data.

Any questions about the operation of the Company's data protection policy should be referred in the first instance to SWIMIreland@smithandwilliamson.com.
