

How to invest

Our Sanlam Investment funds can be accessed directly or through investment platforms, depending on your preferred investment route.

Before proceeding, investors should review the relevant prospectus and KIID, which are available in our [Literature](#) section.

All these documents explain different types of specific risks associated with the investment portfolio of each of our products. We suggest that if you have any doubts about the suitability of an investment, you should consult an independent financial adviser.

Investing directly with us

To invest with us directly you will need to open an account with the relevant administrator by completing an application form, available via the links below under each fund heading. Full instructions are detailed within these forms, but should you have any questions or need assistance, please don't hesitate to [contact us < https://www.sanlam.co.uk/contact-us>](#).
